Chairman Al Sebastiani

Oxford, WI 53952-0114

Mr. Chairman,

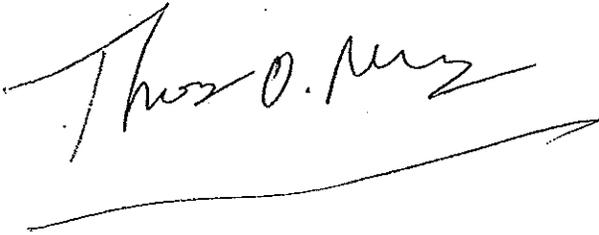

As a frequent user of Adams County Airport I have many times passed up a stop to the area and their local business due to lack of transportation. It would be very inviting to myself, and I am sure to many other pilots who frequent the airstrip if there were a courtesy car at Adams. I have flown to many airstrips all over the state of Wisconsin as well as the United States and have frequently encountered a courtesy car to use to visit local restaurants as well as shopping in the nearby town. Though the town of Adams is near it is too far to attract walking traffic. In my travels to other airstrips and my use of their courtesy cars I have always refueled the car as is the custom across the U.S. to my knowledge. "The airport courtesy car tank is always full as they say" because everybody fills on the honor system. In closing I urge you to seriously consider an Adams Airport Courtesy Car.

Thank You,

Thomas Marrs

20th Annual Fly-in March 10th-11th

Please participate to show your support for Wisconsin transportation.

Every year, we present our case for transportation and express appreciation for the efforts of our delegation. Taking our message to Washington will be particularly important in 2010.

Jobs and the economy dominate the public's interest right now. There is no close second. The current jobless rate has made the country uncommonly single-minded on this point. We must illustrate to Congress the connection between transportation investment and jobs.

There is talk of another stimulus package. However, the real stimulus programs are just waiting to be reauthorized and appropriated - surface transportation, aviation and other transportation programs. We need to employ Americans today to build the infrastructure that will spur an economic resurgence for tomorrow.

The major stumbling block – particularly for the surface transportation reauthorization – is funding. Congress appears to have little appetite in this economy to increase the federal fuel tax, the largest source of trust fund revenue. The federal fuel tax was last increased in 1993, while the cost of maintaining and replacing our transportation infrastructure has increased significantly. In addition, the fuel tax continues to lose effectiveness as a measure of system usage as fuel efficiency increases and alternative fuels come to market. The bottom line is current revenues are not even sufficient to cover SAFETEA-LU levels of federal highway and transit spending. Without an influx of revenue, programs could be significantly impacted and jobs lost.

Wisconsin, like most states, relies on the federal government for a significant portion of its transportation funding. Approximately a quarter of the Wisconsin transportation budget comes from federal funds. In the case of the state's aviation program, federal funding constitutes 60-70% of the program. The surface transportation and aviation programs continue to operate under short-term extensions, which hinder the state's ability to plan for large multi-year projects.

Please join the TDA Fly-in to thank members of the delegation for their work and to encourage them in their efforts to strengthen Wisconsin's infrastructure and put Wisconsinites back to work.

Register today for the 2010 TDA Fly-in March 10th-11th.
Don't wait. The registration deadline is January 8, 2010.

The Brownfield Site Assessment Grant is due 11/9/2009 which applies to underutilized commercial and underdeveloped properties.

There is a 20% match for the full \$100,000 grant for a total budget of \$120,000. This is the large grant.

Dennis Johnson explained what would be needed from the county. He also gave a brief overview of the grant and the point system used to determine eligibility.

Grant application

Deadline 11/9

Grant can be used for underutilized commercial and underdeveloped properties. There is a 20% match to funding. There are two different grants available, one in the amount of \$100,000 the other \$30,000. The county will be seeking the \$100,000 grant. A maximum of 149 points can be obtained through scoring of grant criteria. For example, if taxes are delinquent you acquire 5 points, or if the site is in the local governments name there are additional points acquired. There are two phases to the grant. Phase 1 relates to assessment of the property. Phase 2 relates to demolition and removal.

Remediation is not part of the grant. Above ground items are eligible, per the DNR. Currently the site has 2 trailers, some trailer bodies, scrap metal, plastic, garbage and tires.

Funds are spent, the county pays 100% up front, then they are reimbursed. Quarterly reporting is required. This is a one year grant. There can be a one year grant extension with reasons.

Delinquent taxes of \$12,255 could be applied toward the \$20,000 match, landfill tipping fees, in addition to other services provided by the county.

10 acre parcel with 2/3rd of litter scattered throughout.

The county is not required to follow up on remediation, the county is not required to clean the soil.

Items needed to continue with grant application consist of:

Authorized representative of the County

Adopted resolution by county board

Deadline 30 days after grant deadline of 12/9

Award letter to be received end of Feb first part of March 2010

Evidence must be submitted to indicate the landowner is unreachable, or financially incapable of clean up. The efforts made to find the landowner must be sufficient so the county can show they did everything possible to contact.

ADAMS COUNTY HUMANE SOCIETY BOARD OF DIRECTORS
Minutes of the Board Meeting
November 12, 2009

Adams-Columbia Electric Cooperative – 4:15 pm

Vice President Christopher Kulke called the regular meeting of the ACHS Board of Directors to order at 4:18 pm. The meeting was held at ACEC.

Those in attendance: Lynn Moen, Linda Mohns, and Mary Anne Keul and Christopher Kulke

Guests: Christina Ackerman and Florence Johnson.

Approval of Minutes: The minutes of 9/10/09 were approved by motion from Mohns, seconded by Keul, after several corrections to be made were noted.

Treasurer's Report: The October treasurer's report was reviewed. There were no items of concern to the Board. The treasurer's report was approved as presented.

Manager's Report: The October Manager's Report was reviewed. The following personnel issues were discussed: Daniel will be leaving 11/23/09 and has been an excellent employee. He will be looking for full-time employment, but in the interim would be willing to continue his employment with the shelter. It was agreed to offer him part-time employment. Donna Amedro has been employed for year as of 10/15/09. Although there has been issues of tardiness and occasionally making mistakes it was agreed to give her a raise of 3% at the beginning of the year if improvement was noticed. Donna Bruno has been employed 4 months on October 23. She is improving and will be reevaluated at 6 months.

Christina then discuss a raid that had begun on 11/11/09 by the Adams County Sheriff's department in Springville of a home containing severely neglected animals, including two horses, 37 dogs, seven guinea pigs, one ferret, 13 cats and 133 rabbits. All of the animals will be transported to the Animal Shelter for immediate care, but housing the horses and rabbits will have to be out-sourced. Providing a temporary home for the others will be extremely difficult and will cause a great burden on space, staff, supplies, and will result in much more vet care. Everyone was asked to lend a hand and provide as much assistance as possible. Plans will be underway to address all of these concerns.

OLD BUSINESS

Yearly Calendar. Mary Ann reported that an additional brat fry date was available on Friday, September 24, 2010. There was unanimous agreement to take that date and it will be incorporated into the 2010 yearly calendar. Linda will e-mail the Chamber of Commerce with the calendar information.

Contract with County or Municipalities: This issue was tabled.

Green County Hwy Sign for 13: The County will not be able to provide funds for a directional sign to the Animal Shelter. However, approval was given to provide our own sign and steps will be taken to have a sign made after Patrick checks with the County to see if they will put up the sign when finished.

Input for Article on ACO Responsibilities. It was felt that the majority of input on this subject would come from the Sheriff's office. However, it might be helpful to have the new ACO's attend one of our meetings in order to gain a better understanding of their qualifications, the duties involved, and an updated description of their job.

Fundraising Ideas Committee: It was agreed that the issues covered by this committee can be resolved by them, unless follow-up by the Board is required.

Updated Employee Handbook and By-Laws: Linda will check on the last time a copy was distributed and make sure the Board all has an up-to-date copy.

Aluminum Can Cage Sign: Shirley Powers is working on a new sign, which will read "ACHS-aluminum cans only" to replace the present wording "Violators will be Prosecuted for Littering".

NEW BUSINESS

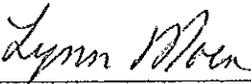

January Newsletter Input. Tabled

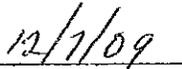

Adjourn: Motion made to adjourn at 5:42 pm. Motion carried.

Next BOD Meeting: December 7 at 5:30 pm at ACEC.

Next Fresh Ideas Committee Meeting: January 26 at 4:30 pm at the Community Center Conference Room.

Motion to approve the Financial Report as mailed was made by Challoner, 2nd by Heideman and carried unanimously.

Communications & Reports:

Discussed the South Central Foundation Report received. It contains the policy on how to distribute any money available along with the governance information.

South Central Library System report:

Townsend reported that the System will move to the new administration headquarters Nov. 18th-20th. They are ready! The Foundation has \$60,000 as of the Sept. 1st – growth is slow. Every library in the system currently has a director.

Director's Report:

- A. Circulation for October was 9987 (a record high) compared to 9511 last year. **We are up nearly 10,000 for the year.**
- B. PLAC met Nov. 5th. No earth shattering news. SCLS continues to get ready for its move to the new headquarters on Nov. 19th & 20th. Work continues on the new governance structure for SCLS. LINK did not meet in Nov. The final meeting of LINK will be on Dec. 10th and the final PLAC meeting will be Dec. 3rd.
- C. As we have discussed at previous meetings, a new governance structure for SCLS will take effect in January 2010. Basically, LINK will be dissolved and PLAC will cease to exist. The new structure will call for 4 committees – The Administrative Council, the Delivery Committee, the ILS (Integrated Library System) Committee, and the Technology Committee. Representatives on the committees will be elected by “clusters” of libraries that represent approximately equal populations and the number of libraries. LINK will cease to exist, but SCLS will operate an ILS that libraries may, or may not, choose to utilize. Costs for the new ILS will be based on the former LINK formula until a new formula is developed. Adams County Library needs to approve participation in the ILS. A copy of the Background Report for the new structure was disseminated.
- D. Our soaring circulation and the public's demand for computer assistance has stretched staff to the breaking point. With another furlough day in December and the holidays, December will be almost impossible to schedule. To ease the situation, we would like to close the library at 5 p.m. on December 28, 29 and 30th.
- E. The County Budget was approved on Nov. 17th with no new changes for the library.

F. Our Halloween party (puppet show) was a disaster. Only about 8 kids turned out, so we did not hold the show. Thankfully, Lou Lepore agreed to come back next spring or summer to do a show – with no additional cost to the library. Our Christmas party is Dec. 12th – crafts with kids – about 11:00 a.m. If anyone would like to help, that would be fine.

Motion to accept the agreement that ends LINK and PLAC and begins the new ILS was made by Nelson, 2nd by Challoner and carried unanimously.

Motion to close the library at 5 p.m. on Dec. 28, 29 and 30th (historically a slower time at the library) was made by Heideman and 2nd by Challoner. The motion passed with Nelson, Renner, Kreten, Heideman, Challoner and Albrecht voting in favor and Townsend voting against.

Staffing Concerns:

Circulation and more demands on staff have increased greatly! Help is needed. Options were discussed including looking at the County call-in list or an LTE position with County approval. Also discussed cutting hours if there are no other options.

Make Recommendations for Library Board Members:

Albrecht's and Challoner's (completing Downing's) terms are done. Both were willing to continue on the Library Board.

Motion to have Challoner and Albrecht continue on the Adams County Library Board was made by Heideman, 2nd by Kreten and carried unanimously.

Make Recommendations for SCLS Representatives:

Townsend and Nelson were willing to continue as the SCLS Representative and Alternate respectively.

Appoint Nominating Committee for Officers:

President Nelson appointed Nelson and Challoner to the Nominating Committee.

Scrapbook Update:

Identify possible upcoming items for future meetings:

3. Staff appreciation discussion

The meeting was adjourned at 1:50 p.m.

The next meeting will be held Monday, January 25, 2010, at 1:00 p.m. at the Adams County Library. A pot-luck will take place from 12:00-1:00 for the board members, staff and guests. There will be no meeting in December.

Chairman Licitar invited comments on the grant application. County GIS Tech Tyler Grossheusch spoke in support of the Grant Application, as the recently adopted maps have caused many map amendments because of inaccuracies. Barb Petkovsek, Administrative Coordinator spoke in favor of the Grant Application, citing safety notification reasons of the County citizens, and that it is also a good opportunity to get the LiDAR mapping done at the same time as our aerial photography flight. John Jones, Village of Friendship President and Fran Dehmlow, County Board Supervisor appeared for the Grant Application but did not wish to speak. ADAMS COUNTY PLANNING & DEVELOPMENT COMMITTEE
MONTHLY MEETING:
December 2, 2009
PAGE #2

Upon review of materials submitted and a site visit performed November 9, 2009, the Committee completed the Findings Checklist. The average of the combined totals (184) was 36.8. (Licitar-44; Stuchlak-31; James-38; Breene-29; Sumpter-42) The Committee was unanimous in its decision for recommendation of denial of the zoning change to the County Board for final action. (A score of 48 (80%) or higher is required for a recommendation of approval.)

Terry James made a motion to award the bid to Terra Engineering & Construction Corporation out of Madison at \$39,000.00, to include alternate bid #1 at \$1,500.00 and alternate bid #2 at \$5,600.00 for Tainter Gate Metal Fabrication and Painting. Joanne Sumpter seconded the motion. All in favor. Motion carried.

Discussion was held regarding the Public Hearing held December 1, 2009 on the Farmland Preservation and the Working Lands Initiative. The Committee reviewed the comments taken by the Planning & Zoning Department by phone prior to the hearing and a general show of hands of the approximately forty attendees either for or against. Mr. McLaughlin stated that if the County decided to let the Certification lapse, the zoning text and map issues could be worked out before getting recertified by DATCP. This will be a time consuming project, but the County has until the Farmland Preservation Plan expires in 2014 to get Re-certified. Until that time Ag producers would need to petition DATCP to form Agricultural Enterprise Areas (AEA) to ensure eligibility for tax credits. Farmers receiving tax credits with existing Preservation Plans are good until they expire, but will not be able to renew those agreements, they would need to be in an AEA. Sylvia Breene made a motion that the County allow the Exclusive Agricultural Zoning Certification to lapse on December 31, 2009 and forward that recommendation to County Board for final action. Joanne Sumpter seconded that motion. Roll Call Vote: 3 – Yes. 2 – No. (Stuchlak, Licitar) Motion Carried.

Joanne Sumpter made a motion to schedule the closed session for December 14, 2009 on the Land & Water Department agenda. To be present are Committee members, Phil McLaughlin and Cathy Allen. Joe Stuchlak seconded the motion. 4 – Yes. 1 – No. (James) Motion carried.

President's Report: J. Pugh noted the board will need to vote in January for the 2010 officers. J. Hanson and R. Barden volunteered to be on the nominating committee.

Committee Reports:

By-Laws

G. Poulson noted the committee met to discuss the needed changes to the bylaws to reflect the adoption of the new governance model and the dissolution of LINK and PLAC. He presented the information to the board for discussion and a formal motion will come before the board in December.

SCLS Foundation Report: L. Davis-Brown noted the fundraising campaign raised \$17,437 and she thanked everyone who helped to achieve that goal. The joint meeting of the SCLS Foundation was not well attended. The Foundation Board updated the policy for the distribution of profits. The formula includes distributing 25% of profits to participating libraries and 25% to projects that benefit all SCLS libraries. 50% of profits will go back into the endowment. Also, it was decided that Foundation member libraries will be charged a 1% fee instead of a 2% fee for the year 2010. Phyllis will be sending a memo to participating libraries and will update the Foundation website with this information as well as including this information in Online Update.

The Cornerstone event for Peter and Ann Hamon will be held November 12th at Promega.

Circulation and ILL Statistics: None.

Review and action on the "Agreement to Participate in a Shared Automated Resources System" contract with member libraries. Phyllis explained that the board would be giving approval for the Board President to sign each agreement when it is returned and signed by the member library. S. Martin moved approval. G. Poulson seconded. Motion carried.

System Director's Report:

Phyllis noted the Technology Project Manager position was offered and accepted by Jon Mark Bolthouse.

The five year delivery contract with the UW System has been signed. It was a long process and Bruce Smith deserves many thanks for seeing it through to a good end.

As of today, all of our libraries have directors. Matthew Sonnenberg has been hired at Vesper and Shannon Stiller at Portage.

The WLA sublease is close to being signed. We made a few changes, including changing rent payments from annually to quarterly.

Library Legislative Day will be Tuesday, February 16, 2010. Last year we reached our target of 25% representation of member libraries.

Several of our staff members and staff from member libraries presented sessions at the WLA conference this year. Phyllis attended the WiSKE (Wisconsin Koha Enthusiasts) meeting in Appleton. There is a much interest in open source software for library systems, but only a few have committed to installing it at this time.

LaValle is breaking ground this month for their new library. They hope to have it built by January 2010. MPL's South Madison branch is under construction and Fitchburg is looking at three exterior options for their library. Prairie du Sac has some floor plan options in place, but the design is dependent on fundraising. It is possible they may move into the existing building with little or no remodeling. The town of New Glarus is looking at the possibility of re-purchasing the old Town Hall and the property around it to build a library. The town hall would remain. There is a proposed TIF district that will revitalize the area next to this site. An RFP has been sent for a study of the site to see what may fit. The Columbus Public Library has selected a firm to begin expansion plans, which will probably happen in 2010.

Stef noted the ballots for the elections for the new committees are now available. There is at least one nominee for each seat on the committees. Libraries can vote through the end of the day on November 20th and then the elections for the at-large seats on the Administrative Council will start.

Moving to our new location is now less than two weeks away. SCLS Administration will move on Thursday, November 19th and SCLS Automation will move on Friday, November 20th. The offices will be officially closed from the moving date through Monday, November 23rd, but individuals and services will be available as soon as possible. Delivery will be open and delivering normally. There will be an open house at the new location on January 21st.

E-books were added to our OverDrive collection on November 2nd. These ebooks can be used with the latest Sony readers. A patron contacted us in late September asking for this service to be added. Other patrons were asking for the service, so WPLC discussed it at their September 30th meeting and decided to purchase this format. On November 2nd, the patron wrote to tell us that she had just downloaded her first book to her Sony reader, and she was thrilled! It was satisfying to have this request become a real service in such a short time, and to have the patron provide such positive feedback.

A group of directors and staff from SCLS member libraries were featured on the WORT "Access Hour" on October 19th. A recording of their radio show is available: http://archive.wort-fm.org/mp3/wort_091019_190001access.mp3

Some libraries on PLAC requested some materials to help with adults coming into the library when sick and bringing sick children to the library. Mark Ibach created materials that are available to the libraries: <http://scls.typepad.com/files/posters-2.pdf> and <http://scls.typepad.com/files/bookmarks-1.pdf>.

Bruce Smith is a co-editor for a book, [Moving Materials: Physical Delivery in Libraries](#). SCLS now has a signed copy in the professional collection. More information about the book can be found here: <http://www.alastore.ala.org/detail.aspx?ID=2642>

At the request of board members, Char Paglini investigated the state employee assistance program to determine if SCLS is eligible to participate. Unfortunately, SCLS is not eligible because it is only available to state agencies. The person contacted suggested that individual health programs may have this service available. Staff will check into that possibility.

SCLS staff set the goal to visit each library in the system this year. 40 libraries have already been visited. A preliminary report for the first two questions asked on the visit was distributed to board members. More reports will be distributed in the next few months.

System Director's Report November 2009

The biggest news for November is that we moved to our new office at 4610 S. Biltmore Lane, Suite 101, in Madison!

We have been building up to it for two years, so it is hard to believe the move is actually over. And it is amazing how smoothly everything went. When things go that well, it is in direct proportion to the quality of the planning and coordination that preceded the actual event. Every staff member contributed in some way and it was a pleasure to see how well, and with what good humor, everyone worked together. Stef, Deb Haeffner and Greg Barniskis deserve special recognition and thanks for the lead roles they played and the unique talents each of them devoted to this effort. Aside from a few glitches with telecommunications, which were quickly resolved once identified, things went according to plan. My sincere thanks go to everyone on staff for a job very well done.

As part of the move process, we recycled or shredded boxes and boxes of paper. I went from two filing cabinets down to one, and in the process I had to make a lot of decisions. Do we still need the RFP used in the 1992 Dynix selection process? How about promotional material for the Library Emporium? A folder of 1987 member library survey responses evaluating system services? Information about the 60 Books Project? An article about a librarian I don't know who allegedly did some embezzling a couple of decades ago? As I said, boxes and boxes of paper.

It's a unique opportunity for looking back and for looking forward. Many of the files I had were holdovers from Peter Hamon, our Director Emeritus. My favorite was his "Library Futures" folder, circa 1987. One article warned that—ready or not—"those shiny little discs (CD's) will soon be coming to your library." An article in the Library Journal for 11/23/09 that came to my desk the same week was titled "Bracing for Blu-Ray." That seems to confirm the cliché that the only thing that does not change is change.

Some of our staff asked for history on Chester Pismo Snavelly after we named one of the meeting rooms for him, so I wrote up what is attached and thought a few of you might be interested. We look forward to hosting the Board at our annual Holiday Luncheon. Please come early for the party. And if you can stay after the meeting, we will give you a tour.

We'll see you on the 14th.

Phyllis

CHESTER PISMO SNAVELY: THE MAN, THE MYTH, THE LEGEND

After the staff decided to name one of the new meeting rooms for Chester Pismo Snavely, they asked for some background/history of how Chester became associated with SCLS. I went to the source, Peter Hamon, former SCLS Director.

"Chester was W.C.Fields' son in A Fatal Glass of Beer. Dad and Mom live in the far North and herd reindeer. As a standing gag, throughout the film every time Fields opens the cabin door he gets a face full of snow and says, "taint a fit night out for man nor beast." Chester arrives home, having been in prison. He had the fatal glass of beer, fell upon dissolute ways, and allegedly stole some bonds. His parents welcome him back with open arms, Chester proclaims his innocence, and his parents assure him they believe him. In a fit of remorse, he then confesses that he really did steal the bonds, but overcome with horror at his deed, just threw them away. Without further ado, his parents then throw him out into the blizzard, acting on the assumption that if he did steal "them bonds," they should at least have gotten a share. The film has no socially redeeming qualities at all, but it is very funny."

Peter continued, "On a more personal note, I've been using Chester as a nom de plume since the early 70's. He has appeared on several foundation and political contribution lists, as the author of various writings, and as identification on numerous medical records. Chester was always present at SCLS events, but really came to life when Kathryn Curtis (former SCLS Board from Columbia County and wife of another former board member "Doc" Robert Curtis) stood up in a gray wig at System Celebration one year, announced herself to be Chester's wife, Gwendolyn, and began to vigorously defend his character. He was unfortunately murdered the next year in a play, but the folks at System Celebration, as you may recall, had a fun time sorting it all out."

The Chester Pismo Snavely Memorial Award for a Nifty Activity was established for System Celebration in 1989. Jeanne Radke of Cambria was the first recipient of the award in recognition of her work with migrant workers.

The following letter dated June 1, 1990, was addressed to "Mr. Hamon."

"The entire Snavely family would like to express our deep appreciation to you and the Southern Center for Loan Systems for once again presenting an award in Chester's honor at your upcoming gathering. We are so proud! Chessie would be too.

As you know, Chester's life came to a sudden end when he was crushed under the weight of a book shelf at our local library. The poor dear was simply searching for a book on spineless mammals.

It is comforting to know our Chester's memory will live on whenever this year's award recipient looks up at that piece of wood.

Thank you and God bless you. Mrs. Chester Pismo Snaveley, Rt.1, Plain WI 53577

And so from that time on, Chester has been with SCLS as an award, as a running joke, as a backhanded reference to Peter and as a reminder that we always need to make time for fun.

Respectfully reported,
Phyllis Davis
